PROFESSIONAL SUMMARY

Experienced Front-End Developer with a strong background in developing and maintaining AI-powered consultation platforms and user-friendly interfaces. Proficient in modern frontend technologies such as React and Next.js, with a focus on performance, scalability, and clean architecture. Skilled in integrating AI assistant features, building responsive UI, and optimizing website performance. Possesses experience in CI/CD pipelines, collaborating with cross-functional teams, and delivering production-ready web applications. Committed to continuous learning and excelling in challenging environments.

WORK EXPERIENCE

Front-End Developer01/2026 - Present
Remote (Canadian Team), Remote

- Developed and maintained the frontend of an AI-powered consultation platform.
- Built user-friendly and responsive interfaces using modern frontend technologies.
- Integrated AI assistant features for personalized user interactions.
- Focused on performance, scalability, and clean architecture.

Front-End Developer05/2025 - 12/2025
Tejarat Electronic Farhangian

- Built 4 fully-functional admin panels using Next.js, TypeScript, MUI, Chart.js, TanStack Query and a monorepo structure to streamline development and improve maintainability.
- Implemented CI/ CD pipelines with Docker, automating deployments and reducing release friction.
- Developed interactive, responsive UI features to improve usability across desktop and mobile devices.
- Designed and maintained complex data flows for large-scale applications to ensure scalability and consistent performance.
- Collaborated with backend and UX/ UI teams to integrate features, resolve cross- team dependencies, and deliver cohesive, production-ready web apps.

Front-End Developer11/2023 - 05/2025
Desna Co.

- Develop and maintain responsive web applications using React and Next.js.
- Optimize website performance through code reviews and implementing best practices.
- Collaborate with UX/ UI designers to implement design changes.

Front-End Developer Intern02/2023 - 06/2023
Zegara Company

- Learn about programming basics & algorithms.
- Develop mini projects using Next.js.

PROJECTS

Ghajari Restaurant

Develop website using Next.js v14 (app router), Typescript, Tailwind css, Zustand, Chart.js, Mapbox.

Royal Jeans

Develop and maintain using React, Next.js, Bootstrap, Redux.

BAT Retailer app

Develop and maintain client and admin section based on design in Figma using Next.js v13, Tailwind css, Material UI, Chart.js, Redux, react hook form, yup.

Restaurant management web application (unreleased)

Develop and maintain client and admin section based on design in Figma using Next.js v14 (app router), Typescript, Tailwind css, Zustand, Chart.js, Mapbox, gulp.
